

Baseball Queensland Heritage Advisory Panel

BQ Distinguished Service Awards (DSA)

These awards are to serve as recognition for milestones in long and distinguished service to Queensland Baseball at the non-elite level. This award is separate to induction into the BQ Hall of Fame, which is considered the ultimate award for contributions at a State, National or International level.

Individuals can be awarded in more than one of these categories listed below, but must achieve the milestones in each category; ie, 10 years as an administrator plus 10 years as a scorer does not qualify for an award in either category.

Generally, it is to be left up to the club or local region to recognise the service of individuals as they see fit. BQ awards are intended to acknowledge truly outstanding service.

The Heritage Panel will vet any nomination and may at its discretion, require evidence of the required service. Once vetted the Panel will present the names of successful candidates to the Board for final approval.

Recipients of the DSA are limited to five (5) in a calendar year. Nominees who are not included in the list of awardees in one year will remain eligible for up to five years, so may receive the award in a subsequent year.

Playing and/or Coaching

- 600 games at the highest level in club competition
- 800 games at any level of club competition

(These can be combined, but playing a game while coaching only count as one game)

Club Scorer

- 20 full seasons regular competition

Club level Umpire

- 20 full seasons or 800 games of regular competition

Administrator

- 20 years in Executive Position(s).
